

TAKE CONTROL OF YOUR COMPANY'S TRAVEL & EXPENSE MANAGEMENT

With the T&E Program Health Check for SAP Concur Expense customers, powered by the Lyndon Group's advanced Reporting Dashboards, managing your T&E program just got easier. Our expertise and solutions empower you to identify risks, enhance compliance, and optimize efficiency—turning data into actionable insights.

Near Real-Time Reporting

Say goodbye to outdated spreadsheets. Get instant clarity with actionable data that lets you uncover trends, refine processes, and make smarter financial decisions.

Customized Solutions, Expert Guidance

Our dashboards do more than track expenses—they transform how you manage them. Drill into the details that matter most to your organization with personalized insights and support from the LG team.

Proactive Identification of Risk

Think of our dashboard as your expense program's "check engine light." High employee spending, aged transactions, or compliance gaps? We help tackle these issues before they escalate.

What the Expense Health Check Can Do for You?

The Expense Health Check identifies:

- **Aged Credit Card Transactions**—Ensure no unresolved transactions leave financial blind spots.
- **Workflow Bottlenecks**—Streamline your reimbursement process by addressing inefficiencies in approval cycles.
- **Employee Trends**—Spot spending habits and proactively mitigate compliance risks.
- **Missed Savings Opportunities**—Maximize corporate card rebates and simplify over-engineered expense policies.

Price: \$6,500

Take the next step—reach out to LG for more information and ensure your T&E program operates at its full potential!
